

Fifty Ninth Legislative Council
of the
Associated Students

Begun and held at the University of California at Santa Barbara, in the City of Santa Barbara on the fourth day of November, two thousand nine, in the fifty ninth year of our association.

A Bill

Create an Associated Students T-Shirt Business Service

Whereas: There are a number of groups, boards, and committees that create shirts throughout the year, and often seek funding for the shirts from the Associated Student funds.

Whereas: Associated Students could ensure that the shirts are made sweatshop free and are sold at a competitive price.

Whereas: An additional business service would provide a number of needed employment opportunities to UCSB students since the economy is in a trough.

Whereas: The T-shirt Business Service would generate a circular money flow and benefit the students, business services, and the association.

Therefore let it be resolved by the Associated Students in the Legislative Council assembled: we support the creation of a T-Shirt Business Service that is student run and student led. AS Staff will create a business plan and present it to Legislative Council. This business would create sweatshop free t-shirts at an economically friendly price. It will provide student employment, leadership, experience, and involvement opportunities.

Charlie Arreola,
President of Associated Students
