In order to access funding from the HIP Fund, a project proposal must be approved by three-fourths (3/4) vote of the Senate, and must abide by the following:

- 1) Failure to meet and maintain these criteria will result in the forfeiture of project funding. Funding is not guaranteed for project proposals that meet this criteria; rather, all projects must continuously meet these criteria to remain eligible for funding.  - b) High-Impact Projects must be time-bound. A project must set and abide by a timeline of results, indicating dates at which major milestones will be accomplished—including but not limited to project completion. This criterion relates to tangibility; results at each milestone must be documented and delivered to relevant stakeholders.
 - c) High-Impact Projects must be transformative. A project must provide a result that is not currently available to the Associations' stakeholders. Projects must demonstrate that their work is unique in the Association and UCSB community, and that no other group is currently accomplishing the project's goals.
- 2) High-Impact Projects must be directed by a HIP Team. Non-liaison members of HIP Teams must be indicated in the project proposal, and HIP Team members must be current students, staff, or faculty at ASUCSB or UCSB. Each HIP Team must contain, at least:
 - a) One (1) Project Manager. This role possesses sole executive authority over the project, and ultimately bears responsibility for its goals, liability, property, staff, etc.

 - c) One (1) Senate Liaison. The Senate Liaison is responsible for coordinating the project with the Senate, and regularly and accurately representing its progress. The Senate Liaison is not responsible for the successful completion of the project. The Senate Liaison must be a current member of the Senate, and shall be appointed by the Senate First-President Pro-Tempore within one (1) week of project funding approval.
 - d) Other roles, as outlined in the project proposal.
 - e) HIP Team members may be replaced throughout the duration of the project. The Senate must approve of the resignation of the current member, and appointment of the incoming member—with the exception of Senate Liaisons. Should a project Senate Liaison choose to vacate their position, they shall notify the Senate First President Pro-Tempore in writing of their decision, who shall then appoint a replacement within five (5) academic days.
 - f) HIP Team members may receive HIP Honoraria. The structure of such

Honoraria must be indicated in each project proposal. There is no limit on proposed HIP Honoraria, and HIP Honoraria will be considered completely separately from the Association's general Honoraria process. HIP Honoraria will only be awarded upon the completion of a project, and may be negatively amended if the project has been found to have been partially completed, as described in By-Laws Article IV Section 3 (N, 4, b, ii), below. HIP Honoraria will not be awarded for projects that have wholly failed to meet their objectives.

3) Project Proposals:

- a) For funding to be considered from the HIP fund, a project proposal must be submitted to the Senate for consideration. The process for such submissions shall be published by the Presiding Officer of the Senate, at their discretion.
- b) Each project proposal shall include, but not be limited to:
 - i. The specific issue the project seeks to address.
 - ii. The tangible, time-bound, and transformative goals and milestones of the project. These goals and milestones will be used to evaluate project success. For more information, see By-Laws Article IV Section 3 (N, 1, a-c) above.
 - iii. The plan for achieving these goals and milestones.
 - iv. Thorough research of the issue, if applicable, and detailed budget information.

 - vii. Other required information, as published by the Presiding Officer of the Senate.

4) Project Approval and Memoranda of Understanding

- a) The Senate may choose to amend a proposal by majority vote, and, upon confirmation by the proposed project's Project Manager of such amendments, vote on the amended project proposal. If the Project Manager does not approve of such amendments, they automatically withdraw their project proposal.
- b) Upon the approval of a project proposal by three-quarters (3/4) vote of members present, the project proposal shall be drafted into a contractual Memorandum of Understanding (MOU) by the proposed Project Manager. SECTION 4. COMMISSION OF CULTURE, ARTS, AND JOY JUSTICE

Q) Charge of the Commission:

The Commission of Culture, Arts & Joy Justice (CCAJJ) BCU is dedicated to enhancing a campus culture of inclusion and belonging for BIPOC (Black Indigenous People of Color) in order to ensure equity in the overall enjoyment of all aspects of the UCSB experience for all students. This commission will offer a platform of coalition-building for cultural student organizations by connecting representatives from these groups to strengthen a united front in tackling intersectional issues, to hold the institution accountable to their equity, diversity, and inclusion measures, and to ensure the sustainability of these student-led efforts for institutional changes. We will combat the effects of racial and cultural marginalization on an institutional and systemic level through cultural programming, advocacy initiatives, and educational programming to increase cross-cultural understanding and solidarity, and to positively uplift the climate of the campus and the local Isla Vista community.

1) Cultural Representation:

- a) Cultural Programming: Providing more visibility for students of color organizations and the honoring of their cultures on campus. Creating spaces for the cultivation of joy, connecting students of color with community and resources on and off campus; and building cross-cultural solidarity. Examples:
 - i. Weekly: The TakeOver: One Love – Every Friday from 12pm-1pm at Storke Plaza to showcase the beauty and vibrance of the various cultures in the UCSB community. Offering free food and space for student orgs and campus services to table and share resources.
 - ii. Quarterly: Welcome Back Concert (targeting underrepresented students) – Every Fall; Cultural Renaissance – Every Spring.
 - iii. A.S. Orgs with goals aligning with our mission can table at these events to share information and resources.
 - iv. There will be a collaboration with on-campus and off-campus entities towards this joint cultural programming (such as MCC, KCSB, Media Services, IVRPD, etc.)
- b) This commission pushes against traditional campus discriminatory policies against cultural practices. For example, SEAL does not allow funding for decorations, but these may be important for cultural practices and ceremonies. Also, there is a one-time funding cap for food, yet food, especially cultural food, is a central component of celebrations, exchanges, and gatherings.

- c) Representation in Student and Faculty Demographics: Advocating for increased recruitment for racially underrepresented student populations, as well as increased recruitment and incentives for racially underrepresented faculty across all departments.
- 2) United Front in Organizing for Institutional Changes for the Sake of Equity: Joining forces to work on issues that have disproportionately affected BIPOC populations in America and at UCSB for the sake of advocacy and accountability. For example:
 - a) Environmental Justice: Ex: Advocating for lands in African countries being exploited for their resources to benefit foreign interests and racist ideologies.
 - b) Anti-War: Raising awareness, donor support, and discussion platforms for our communities and ancestral lands that are silenced and ignored at the UC level, nationally, and globally due to their cultural identities. Example: War in Tigray.
 - c) Reparations for the Black community at the UC level.
 - i. In the same light as reparations given to federally recognized Native/Indigenous tribes within the UC as of Fall 2022.
 - ii. In line with the campus mission of equity, diversity inclusion: increasing recruitment, enrollment, and retention efforts of Black population (students and faculty).
 - d) Food Justice
 - e) Housing Accessibility and Affordability
 - f) Disability Justice
- 3) Advocacy and Providing Institutional Accountability
 - a) Follow up on the demands made by BIPOC organizations to the Chancellor and administration for institutional changes and any new demands issued by this commission.
 - b) Providing Liaisons to departments and offices that are said to cater to issues of equity and inclusion such as Office of Diversity, Equity, and Inclusion, for the sake of transparency, accountability, and inclusion of students of color voices for feedback to their practices.
 - c) Providing Liaisons to departments and offices created by student activism, such as all Ethnic Studies Departments, and Office of Black Student Development, for accountability for the services to the student groups who advocated for them, to ensure inclusion of student voices in their hiring process and in the quality of the offered services.

- A) The final ballot, including constitutional amendments, fee changes, referenda, and plebiscites must be approved by the Senate no later than week two (2) of Spring quarter. The content of the ballot may not be changed after it has been approved by the Senate.
- B) All ballots are to remain anonymous. In order to prevent undue influence and coercion, students are forbidden from inquiring about whom a member voted for.
- C) Each student will receive a unique ballot in which each candidate's name and ballot measure will appear at randomly prescribed location, according to the software available at the time. The candidates' names will be grouped according to the positions in which they are running for. Ballot contents will be subject to the discretion of the Elections Board. Political Party names will be omitted from the ballot. They may still be included in candidate statements.
- D) Regulations regarding "laptoping" campaigning are as follows:

- 1) "Laptopping" campaigning is defined as when a candidate, party, pro-group, con-group, or anyone with approximate relation to them, approaches a student and asks that student(s) log onto a computer or other electronic device and vote in the election (usually coaxing student(s) to vote in a certain way).
 - 2) Campaigning with laptops or other electronic devices during the week on which the ballot is cast is strictly prohibited, and doing so will result in a violation.
 - 3) To avoid unclear and/or false violations, complaints about "laptopping" campaigning must be registered only by students who are approached and asked to vote.
- E) No money, goods or any other forms of recompense may be promised in exchange for votes.

- /
- 1) Valid Votes shall be defined as ballots with at least one (1) choice picked for a candidate.

 - 3) The second candidate to then reach the threshold wins the second seat.
 - 4) This process will repeat until all the seats are filled.
 - 5) In the case of no candidate reaching the minimum threshold, the candidate with the least amount of votes is eliminated. The eliminated candidates' votes are then distributed amongst the second choices voters picked. Distribution is handled through the proportional Scottish Method.
- F) For positions in which write-ins are the only prospective contenders, the following guidelines will be adhered to:
- 1) An averaged number of voters for the past four (4) years is to be calculated specifically for the position in question.

- 2) For senatorial elections, the candidate receiving the most first (1st) choice votes in a particular constituency wins the first seat.
 - a) All the votes above the minimum threshold are then proportionally distributed among the next available choice candidates.
 - b) If no candidate is able to reach the minimum threshold, then the candidate with the least number of votes is eliminated. The eliminated candidate's votes are then distributed among their second (2nd) choice candidates.
 - c) This process shall repeat until all seats in the particular constituency are filled.
 - d) Students may not vote for the same candidate more than once, or rank them in the same position twice.

B) Only Election Board members and A.S. staff members, as well as Campus Elections Committee advisor shall be allowed to view the election results prior to the publicly revealing of results to the campus body.

SECTION 12. INTERPRETATION OF ELECTION RESULTS

- A) In order for candidates to be elected, twenty percent (20%) of all eligible undergraduate students must vote during the Spring General Election.
 - 1) In the event a special election is held, the voter threshold shall be determined by the Elections Board, but the threshold in question shall be no lower than eight percent (8%).
- B) In order for any Constitutional or Fee-Related ballot measure to be valid, twenty percent (20%) of all registered, fee-paying undergraduate students must vote in the Election. The number of voters will be computed by counting the total number of ballots cast.
- C) In order for an individual ballot measure to be valid, fifteen percent (15%) of all eligible students must vote on that particular ballot measure.
- D) In order for a ballot measure to pass, students voting on that measure must vote YES in percentage as defined in the Constitution. (Blank ballots will not be computed in the final percentages.)
 - 1) As stated in Article V.2. "All new Associated Students fees must be submitted as a ballot measure to be voted on by the Associated Students in a general or special election, with at least twenty percent (20%) of the Associated Students' Membership voting. If a fee is put on the ballot by petition, a vote of fifty percent plus one (50% + 1) shall be necessary for the adoption of the fee. If a fee is put on the ballot by a vote of the Senate a vote of two-thirds (66.67%) shall be necessary for the adoption of the fee. If a fee is put on the ballot to be increased, such fees can only be increased with a vote of two thirds (2/3) in support of the increase of the fee, with at least twenty percent (20%) of the Associated Students' Membership voting."
 - 2) As stated in Article V.3. "Existing lock-in fees must be placed on the ballot for reaffirmation every two (2) years following the adoption of the fee. Such fees can only be reaffirmed with a fifty percent plus 1 (50%+1) vote in support to the continuation of the fee, with at least twenty (20%) of the Associated Students' Membership voting."
- E) In order for a ballot measure to be justifiable as a mandate, students must know in advance what their non-voting will mean. Therefore, a statement which reads as follows should be submitted to a campus media and should be included in all election publicity:

"If you choose not to vote on the measures in this Election, you are leaving the decision up to your peers. A blank ballot means that you trust their decision."
- F) The intent of this statement is to reduce the confusion experienced concerning the interpretation of blank ballots, thereby eliminating speculation about whether or not students understood a particular ballot measure.
- G) In order for a ballot to be valid and count towards the Election, students must officially submit their ballot by clicking the submit button. Failure to submit ballot will result in no votes casted for that student.

- 4) If the Abusive Conduct/Bullying is sex-based, including conduct that is sexual in nature or based on gender, gender identity, gender expression, sex- or gender-stereotyping, or sexual

orientation, the University's Sexual Violence and Sexual Harassment Policy will apply. Reports shall be made or forwarded to the Title IX Office, as required by and described in the SVSH policy.

- 5) If the conduct is discriminatory based on categories outlined in the Discrimination, Harassment, and Affirmative Action in the Workplace policy, that policy will apply. Reports should be made or forwarded to the local Equal Employment Opportunity/Affirmative Action offices.

AA) Timelines and Initial Assessments

- 1) There is no time limit for a Complainant to submit a report, and Complainants should report incidents even if significant time has passed. However, no action shall be taken against the Respondent if they are no longer acquainted with the University.
- 2) As soon as practicable after receiving a report, the Office of the Student Advocate General will make an initial assessment, including a limited factual inquiry when appropriate, to determine how to proceed and whether an investigation is warranted.

BB) Resolution Options

- 1) If there was no closure after the initial assessment, resolution of alleged Abusive Conduct/Bullying may take different forms, including early resolution and/or violation investigation. Regardless of the outcome, the Complainant shall be notified in writing that the complaint was reviewed and appropriate steps were taken to reach resolution in the matter.
 - a) Early Resolution: Facilitated by the Office of the Student Advocate General. Options for early resolution may include but are not limited to:
 1. Facilitated discussion to obtain an agreement between the parties
 2. Physically separating the parties
 3. Agreement to counseling, educational, and/or training programs
 4. Negotiating an agreement for corrective action/discipline.
 - b) Formal Investigations: The Office of the Student Advocate General may initiate a formal investigation after a preliminary review of the allegations even in cases where the Complainant does not wish to pursue the complaint. This may occur if the Office determines that an investigation is necessary to mitigate risk to the Association's community. The procedures to this will incorporate the following:
 1. The Respondent will be advised of the relevant allegations in the complaint and will be reminded that Retaliation is prohibited by this policy.
 2. The investigation generally will include interviews with the parties, interviews with other witnesses as needed, and a review of relevant documents or other evidence as appropriate.
 3. Disclosure of facts to parties and witnesses will be limited to what is reasonably necessary to conduct a fair and thorough investigation. Participants in an investigation may be advised to maintain confidentiality when essential to protect the integrity of the investigation.

4. The Complainant and Respondent will be provided with an estimated timeline for completion of the investigation. If the investigation timeline is extended, the Complainant and Respondent will be notified.
5. Following the completion of the investigation, a written report will be prepared that, at minimum, includes a statement of the allegations and issues; the positions of the parties; a summary of the evidence; findings of fact; and a determination as to whether the conduct at issue violated this policy.
6. The Complainant and the Respondent will be informed when the investigation is completed and whether or not a violation of this policy has occurred. Actions taken to resolve the complaint, if any, that are directly related to the Complainant, such as an order that the Respondent not contact the Complainant, will be shared with the Complainant. In accordance with University and ASUCSB policies protecting individuals' privacy, the Complainant may be notified generally that the matter has been referred for appropriate administrative action, but will not be informed of the details of the recommended action without the Respondent's consent.

Interpretation may be appealed by the majority vote of the Senate, as outlined below. Interpretations, violations of order, and reprimand for said violations are subject to a majority vote of the Senate, the objection of two voting members, or the ordered objection of one voting member, or otherwise by those processes outlined within the most current published version of Robert's Rules of Order.

1) Measure Voting Procedures:

a) There shall be three (3) votes toward a motion on the floor;

1. Aye: affirmative vote for the measure.

A) Meeting Business

A-1) Land Acknowledgement

We ask you to join us in acknowledging the Chumash Peoples, their Elders, both past and present, as well as their future generations.

We would like to take this opportunity for us all to reflect on how the work we do here today, in our search for knowledge, our opportunities to

teach, and every day, in our chosen fields, affects these lands and the peoples of these lands that we work with and research to protect.

We acknowledge that this University system was founded upon exclusions and erasures of many Indigenous peoples, including those on whose lands this institution is located, the villages and unceded lands of the Chumash people. This UCSB Administration has failed to faithfully and dutifully support the traditional custodians of these lands, Chumash people and Indigenous students, through their continued support of Mauna Kea.

As we work together to prevent further damage to these lands and waters that support not only our livelihoods, recreation, lifestyles, research, and education, we remember that the Chumash peoples of this area have been separated from these lands, unable to maintain livelihoods as they should, unable to recreate traditionally, unable to maintain their traditional lifeways freely, and unable to have the same access to their lands that we are provided, to do their own traditional research and educate their future generations.

The Chumash people are comprised of the descendants of Indigenous peoples removed from their Island of origin Limuw (Santa Cruz), Anyapac (Anacapa), Wima (Santa Rosa) and Tuqan (San Miguel), subjugated by 5 missions during Spanish colonization of the Central Coast, from Malibu to Morro Bay and inland to Bakersfield. The Villages, upon which this University sits, were a safe haven for maritime travelers. A place alive with trading, hospitality, and abundance. A place where knowledge of and from the surrounding areas, far and wide, was shared with all people of this place and its many visitors. A traditional place of sharing knowledge and education. A tradition this University has an obligation to remember.

Many of the projects and research conducted by this University are within the traditional territory of the Chumash Peoples, and/or affect other Indigenous peoples in their territories and in spite of all of this, each Tribe, Council, Clan, and Band is working diligently to restore and continue their traditional stewardship practices on these lands and heal from this historical trauma.

The damage that has been done and continues to be done by not sharing the true history and legacy in this place and others, and by the exploitation of the Natural Cultural Resources of these areas, can never be erased, there is no mitigation or research project that can make their communities whole again. But we can do better!

As educators, friends, and allies, together, we can acknowledge the mistakes and atrocities of the past and move forward in remembrance and relationship with the local Chumash peoples and other Indigenous peoples, to facilitate their process of healing by making sure that our processes here make room for their Chumash and Indigenous voices to be heard, their Traditional Ecological Knowledge of these territories to be listened to and their peoples to be a part of the healing of these lands and waters, as well as themselves.

This acknowledgment, though brief and in no way complete, demonstrates a commitment by this institution and their educators, to begin the process of creating a relationship with the local Chumash and Indigenous Communities and work to dismantle the ongoing legacies of settler colonialism.

We come together today to acknowledge, stand up for, and give voice to, the unceded lands and waters of the Chumash and all their peoples.

In order for an absence to be considered excused, the absent Senator must submit a written Senator Report to be read by the Internal Vice President during the Senate meeting or have adequately informed their proxy of an update to give during the allotted time for Senator's Reports. If the student withdraws from the University, even for medical reasons or a death in the family, the Internal Vice President shall recommend their removal from Senate with two-thirds (2/3) vote of the approval by the Senate.
- B) Senate members may only have three (3) excused absences from Senate meetings per quarter. The only exceptions are for reoccurring academic circumstances as described below. Therefore, after a total of five (5) absences one is up for removal as per the procedures in Article VI, Section 5.

Acceptance of excused tardies Falls under the discretion of the Internal Vice President.

- 1) A majority vote, fifty percent plus one (50% + 1) will be required by the current membership of the Senate in order to remove the respective Senator from office.
 - 2) If a Senator comes before the Senate and the Senate chooses not to remove the Senator by a two-thirds (2/3) vote, then the Senator will be given one (1) additional unexcused absence or one (1) unexcused tardy. If that one (1) unexcused absence or one (1) unexcused tardy is then acquired by the Senator, that Senator will immediately be placed under the Action Items of the Senate's Agenda for removal.

 - aa) Once a member has been removed by the Senate, the decision shall be immediately appealed to the Judicial Council, who shall review the minutes of the Senate meeting and have the power to reverse the removal so long as there is sufficient reason to believe that the Senator at issue has in fact completed their duties as specified by the A.S. Legal Code.
 - bb) Any reversal of the decision must be announced by 4:00pm the Tuesday proceeding the Senate's initial decision to remove the member.
 - cc) If the decision is reversed, then the Senator shall be reinstated as a member of the A.S. Senate.
 - b) If a Senator comes before the Senate and the Senate chooses not to remove the Senator by a two-thirds (2/3) vote, then the Senator will be given one (1) additional quarter to improve their performance as an elected Senator of ASUCSB.
