NEW BUSINESS

1. Scheduling.

We discussed next week's schedule. We will continue to do a Monday, Wednesday, Friday service at Isla Vista Market and Java Jones.

2. Approval of t-shirt and sticker design.

We reviewed the designs for t-shirts and stickers, and are submitting the necessary paperwork to Marilyn when she comes back on Friday. We approved spending up to \$500 dollars on the stickers (unanimous) , and will agree on t-shirt prices in the near future after confirming a vendor (reviewing price lists).

3. Day in the park

We discussed our event in People's Park, and have decided to paint the greens a forest green the first week after spring break in preparation for the educational day where they will be painted with flowers.

4. Workshops

We discussed a new design for the take home compost bins offered by Bill, and we have decided to use it for our workshops. We are aiming to have a workshop planned for earth day and for our event in the spring. We are also looking to coordinate the workshop at earth day with EAB.

5. Next week's meeting was planned for the same time.

ADJOURNMENT

Meeting ended at 4:45.
