- AS recycling is doing the recycling, they have volunteers that are going to help us

## **Two new campaigns!**

We need campaign leaders if we're going to do this!

Lets emphasize them at the second meeting, mention them at the first meeting as possible campaigns to get people excited about it

### **1. Save Naples**

Poly the leader!!

### **2. Pushing for an environmental ed GE requirement**

## **Species restoration break out group...**

We want to be working with the cheadle center... if we volunteer with them they'll donate plants

## **Light bulb exchange**

- Whitney has volunteered time to do light bulb exchange
- We're going to knock on people's doors to exchange
- 1000 light bulbs exchanged →displace over 1 mill lbs of CO2
- We have 200 light bulbs on order...
- Tentatively for Oct 11, if we can't get the bulbs in time, then campus sustainability week Oct, 22-26
- Megan from SB energy efficiency committee starting a project called "Get energized" ... she could be a good resource for us, we could be a good resource for her (getenergized.org)
