

ExComm Minutes for Jan 31, 2007

Beginning Time: 6:35pm

End Time: 7:40pm

Present: Lauren, Gahl, Josh, Jessica, Sierra, Erin, Gus, Adrian, Nilagia, Elizabeth, Hassan.

Gahl: I made a sign-up sheet for people who want to volunteer to make PSAs.

Nilagia: It would be a good idea to make a sign-up sheet to get more people involved volunteering in your dept.

Nilagia: At the staff meeting, talk about your positions to get people who are interested in ExComm next year ready early.

Nilagia: Alumni Reunion- Do a panel Friday afternoon?

Elizabeth: We can make it a special event so that alumni have things to do such as bring their own music to play or have us play archival music.

Sierra: We could start outreach now and have a dinner for alumni, especially those involved in media now to talk to KCSB.

Gahl: Co-Sponsor Katrina Relief Fundraiser event at Biko on Feb 24? We could use KCSB Djs.

Sierra: Motion to Co-Sponsor Katrina Fundraiser:

9 (all) in favor. Motion passes.

Gahl: Making smaller, laminated posters and table tents in dining commons to promote KCSB?

Elizabeth: We could also have people design buttons at the staff meeting for promotion.

Gus: A design-your-own-button contest?

Lauren: KJUC should come to meeting and make buttons too.

Erin: KCSB getting involved with shows at Muddy Waters. Making PSAs and they will feature our banner, put out schedules, stickers, etc.

Gus: Hip hop show: Pay for it at Casa de la Raza? \$1200 to use space.

Nilagia: Zion I line-up would be \$5000

Josh: We could put it on at Giovanni's.

Gus: Get other organizations involved like NORML, MCC, etc.

Hassan: Nexus website link to KCSB? It would be an exchange, we would link them too.

Lauren: Due to the circumstances with the Nexus, we could table the issue for another week or so and wait for changes.

Nilagia: We need to research electronic playlist possibilities.

Sierra: I sent out an email with different options for KCSB bottle opener key chains. 49 cents per key chain for the best ones, with different colors.

Lauren: We should look into magnets too, or notepads, water bottles? Etc.

Gus: Let's get a sample key chain, so we can vote on later
