Attendance: Josh, Sierra, Chris, Maggie, Alex, Lauren, Nilagia, Hassan

- how did phone calls go? Lots of answering machines. Excited about shakedown.
- adds to the staff agenda? Friday night slot. Make sure to introduce ourselves. Discussing when the fun drive is? Maybe in spring? Maybe not. When things come up and some wants to talk about it at the staff meeting, we should.
- coming up with a definitive schedule for the shakedown at Saturday. Music director stuff, poster making, probably no help with remodeling; at least not right now. clearing things out of brian's office, making psas and training etc, cd check out binders, picture wall. as long as people are here.
- news press: a bunch of editors quit because of intervention by the owners. Offering them airtime on kcsb. And issue of ethics and solidarity.
 - alex: motion to offer __ amount of time to the people from news press. It would be part of the community news time.
 - lauren: seconded
 - all in favor- 7. Opposed- 0. Abstain- 0.
- film screening in fall. Documentary on iraq, 'iraq in fragments.' Where would we show it? Depending on the date, iv theater or campbell hall. No other info at this time. We'll come back to it with more info.
- amy goodman. Hosting her on sept. 24th. We did this two years ago. However, it is during the retreat. This time there is no new book, still trying to sell the book. She would just be coming to talk. They would ask us to contribute to her to contribute to her travel. And we would set up all the logistics. Do more promotion for the event. If we push back the retreat one day, we would conflict with the open house. Maybe moving the retreat? 21, 22, or 23? We will pursue this.
- music database? One from email list, manoli's database. More info will come through on the email list. Problems with compatibility.
