Agenda/ Public Forum:

Las Goleta

Las Goleta, a student led community organization is Cosponsoring with IV Teen Center to create the UCIV (United for the Community of Isla Vista) event in Estero park. UCIV is a free event for the families and children in Isla Vista, with carnival games, a bounce house, ambulance, patrol car, and other assorted things. They have secured \$3,725.25 with IVTC ad IVRPD, and are requesting an addition \$400 from us to help cover various expenses such as a bounce house, paper for tables, ice, sanitizer, ect.

Request: \$400

Peace Out University

After the planned student strike on Feb 15th, UCSB students plan on holding a Peace Out University for four days. They plan on setting up a makeshift “university” in Anisq’oyo Park, where workshops, teach-ins, lectures, and other forms of community education and awareness will be held. Some Professors even plan on having some of their classes come and check it out

and contribute. The money they are requesting is for things such as Water, Trash Bags, food, white boards, advertising, and park fees.
Request: \$2,710.00

Actions Of The Week:

Las Goleta

The UCIV free event is an event that will definitely have a positive impact on the community, and will be a great educational and fun experience for the kids of Isla Vista.

MS: Motion to allocate \$400

MSF: Motion Passed

Peace Out University

Free education and interaction in the park, with teach ins, workshops, and arts space, will definitely create a positive outlet for change in the IV community. The 4 days will definitely give students an alternative and constructive thing to do with time between classes, and a great way to learn in a relaxed atmosphere after midterms. However, we are concerned about the amount needed. Because it is such a rapidly formed grassroots effort, it was hard for them to really accurately pin point how much each thing will cost and exactly what they need. Therefore, we do not know exactly how much we need to give them to have a successful event.

MS: Motion to allocate \$2010,

MSF: Motion Passed

Open Forum

Change of Action

We would like groups to be help more accountable for what they purchase with the money we grant them. We would like to begin reviewing what these groups are purchasing and check to see if is going along with that they are requesting, just to ensure that students money is going to what we are allocating it to.

Committee Project

Adjournment:

MS: Motion to Adjourn at 9:03 P.M

MSC: Motion Passes by consent
