- p. Michael
- q. Ruth - Advisor
- r. Rhandy - IVCRC
- s. Megan - IVCRC
- t. Amanda
- u. Ryan - Hillel

II. Announcements

III. Funding Requests

- a. Environmental Affairs Board
 - i. EAB is requesting money for earth day. They are going to have the co-ops, hempwise, solar panels, zipcars, and more! Music is a little high because they are partnered with the alumni association, and they pay bands more. They are asking for money for a Nexus Ad. EAB will go through AS Publications. EAB is also contributing 5,000 of their own funds. Permits are for the parks. The recycle store is a both where people can bring recyclable items. They are looking to get shower timers, water bottles, and other environmental

items. Target gift cards will also be available. They may want to pay more to get more well known bands.

- ii. Funding: Stipulation of not funding any permits until there are details, don't fund bands until there is a lineup and actual totals. Fund 400 for publicity, 500 for food, 1000 for merchandise, 105 for associated students recycling, 1935 for security, 500 for decorations, 1000 for solar panel.

- 1. Motion to fund 5440- Kellie

- 2. Second- David

b. Hillel

- i. This is the final funding request for the quarter. Requesting funding for 3 more events. They have a smore night at the fire pit, girls night, and the butterfly project where students can make butterflies to represent people who have died in the holocaust. We have already given 500 for food. Publicity is going through AS Publication.

- ii. Funding: Not able to fund retroactive items. Not funding smores or girls night.

- 1. Motion to fully fund butterfly project- Marie

- 2. Second- Kellie

IV. Updates

- a. Swim Program – Kelly is in contact with Luanne. The principal of IV Elementary runs the program. This would be a program where we could provide swim lessons for young, underprivileged youth. We would like to do this at Rec Cen. This would be completely free for the children.
- b. Community Access to the Library – we do have access to the library. There is a children library in our library with kids' book. We could do reading sessions and arts and crafts there. They would like to see a summer read program. We are having a separate meeting this Friday to work on these programs.
- c. The fitness zone is bringing all of our concerns to Rec and Park. They will take into account our concerns and come back to talk with us. They want to compromise and make the zone more user friendly.
- d. The Calendar should be here any day!!!
- e. Retreat overview...

- i. The restructuring should hold off until we have appointed officers for next year.
- f. Possible workshop in Oregon last four days of dead week to learn how to change your community for the better. They teach you how to fix up your community. Would stay in youth hostels.
