Jenna Galoob	Leg Council Rep.

Acceptance of Proxies, Tardies Absences:

Keith Russel: Absent, Excused
Jenna Galoob: Absent, Excused
Pam Van Dyk: Absent, Excused

Agenda/ Requests:

ASHA SB Event- Festivals of Colors

Asha is a chairity organization started in Berkley, with a goal of raising money on college campuses that will go towards helping support educational projects back in India. The Santa Barbara chapter of ASHA is rated as the trop charity in the US operating under 2 million dollars in 2004. They are holding a colorful charity event “Rang Barse”, the festival of colors, which will be held March 3rd, 2007, at Santa Ynez apartments.
Request: \$650 for publicity, snacks, water guns, and hygienic Colors.

Las Goletas

Las Goletas, a student organization, is putting on a “Day with the Kids”, an event every other Friday, that brings kids together to play sports, do arts and crafts, mentoring, and other things. Each other Friday has a different theme, giving the kids something fun to do while being in a creative and positive environment. They are also holding a St. Marks Tutoring, Tuesdays and Wednesdays from 4:00-5:30, where UCSB students tutor young kids in math, reading, writing, history, science, and anything else they need support in. Both these programs are in their second year, and the funding that they are asking for is to help continue the programs.
Request: \$700 for educational supplies.

Sex and Relationships Interns:

The UCSB Student Health sex and relationship interns are having a Condom Alert event, where the interns pass out condoms and a flyer with instructions and resource information to IV community members. They go out once a quarter and pass the condoms out on the streets of IV, promoting safe sex. They have done the program many times before, and it has been very successful.

Request: \$780 for sweatshirts (to distinguish interns from partygoers) and condoms.

Announcements:

Agenda/ Public Forum:

Michael Bean:

Michael has brought to our attention the topic of the IV Recycling committee, and the progress he has made in reaching out to the IV Recyclers. He has obtained a list of 49 “recycladores”, and 15 houseless persons, who seem very eager and enthusiastic to become involved with the community. Michael has suggested to us that we expand our gift baskets to include more people, and possibly get bags from the IV Co-op, since they are eager to help and get involved.

We will put our project on hold until we can reach all of these community members, and give *all* of them our support.

Actions Of The Week:

ASHA SB- Asha has shown itself to be a successful organization, and this event in IV is just further reaching out to the community and helping their cause.

MS: Motion to allocate \$500

MSF: Motion Passed

Las Goletas- Las Goletas has been a great service to the community over the years, and we know that they have made a positive contribution to the community.

MS: Motion to allocate \$700

MSF: Motion Passed

Sex and Relationships Intern: Condom Alert is a great project, and we would like to fully support it. However, we do not believe they should spend \$500 on sweatshirts and only \$280 for condoms. We believe they should get long-sleeve shirts or some cheaper form of clothing

MS: Motion to allocate \$480 (\$280 for condoms, \$200 for shirts)

MSF: Motion Passed

Committee Project

Adjournment:

MS: Motion to Adjourn at 9:03 P.M

MSC: Motion Passes by consent
