ActIVism Pamphlet: ESLP Class/ChillaVista

The ESLP class “Mobilizing Social Change in Isla Vista” is working to create a community booklet to feature students research on different UCSB and Isla Vista groups and organizations histories and projects. It will provide a list of services, contact information, and histories. More detailed information will be provided on an actively maintained website. It will be a valuable resource to incoming freshman and students who are looking for organizations to get involved in. They are requesting funds to order the pamphlets for printing.
