

Tuesday, September 4<sup>th</sup>, 2007  
11:08am

In attendance: Chris, Amanda, Elizabeth, Kimberly, Matt, Ted (Partially), Erin (Late)  
- Excused: Josh, Rebecca

1. Retreat – Zaca Lake Cabin. Sept 23-25<sup>th</sup>. Students go up Sunday; staff on Monday. Continue topic discussions from last retreat. Head back Tuesday morning. A sequel to *Friday the 13<sup>th</sup>* was filmed at the lake and the lake has a natural vortex; Amanda doesn't want to get sucked into the black hole of the vortex.
2. Library Organization – Possibly do the changes next weekend. Josh said go for it! Plan it as a contract hour Shakedown.
3. CDs in Studio A – were new releases, but never were sorted through.
4. Log Errors – almost done; very boring and suck.
5. Co-promotions – asked to help Flamingo Arts Festival on Sept 28<sup>th</sup>-29<sup>th</sup>. All agreed! Sunday, September 16<sup>th</sup>, Belinda Gail will be performing at 2pm. All agreed!
6. Doc Jazz – made more unnecessary comments on his show. Proposed a debate, but said we need to give him time and do a lot of publicity for it. Josh replied that he could do it on his own show and do his own advertising.
7. Reports – Erin has been reviewing music and has trained on KJUCer on PSAs. Chris trained same KJUCer, reserved room in MCC, typing e-mail list. Amanda has been up to business as usual; been making more PSAs, has a few things she wants to work on this week (i.e. monthly newsletter, recruiting a street team). Matt is waiting for CD shelves, looking into Contract Hour Shakedown and music sale. Elizabeth mentioned a meeting tonight and next Tuesday for The Bottom Line. Kimberly has been doing log errors and working out sub issues.
8. Brian (aka Sparky) talked about a broken computer that will cost \$900, but we can just buy new ones. Have until the 16<sup>th</sup> to get free iPods with the computers. Can get the lower end of the computers, no need to get better. Recommends getting two new laptops. Motion made, consent.
9. Radio Bilingual – concern about the program mentioning their underwriters at the end of program. Will take the issue up at a larger meeting.

Ended at 12:05pm
