

## **MCC TOWN HALL MEETING**

Brainstorm for the meeting: what do we want to address

- a. critical issues listed
  - b. ways to collaborate (break out sessions)
  - c. sharing resources
  - d. campus services fee increase
  - e. how can we support one another, allies
  - f. sign in sheet for orgs (column for upcoming events)
  - g. Score could produce a calendar for the events coming up
  - h. Have org. information to spread awareness about different groups (pamphlet)
- 

## **National Take Affirmative Action Day (NTAAD)**

OCTOBER 18<sup>TH</sup>, 2006 (WEDNESDAY)

THEME?: \*Ten years later: looking back on the effects of Prop 209

-Calendar of Events for the week

Monday- SPAAM: putting on an affirmative action workshop

Tuesday- Howie Winant RACE workshop in MCC

Wednesday- Rally: women's center,

Thursday- BSU (black student union) event

Friday- mid day forum or panel discussion

-trying to put up statistics about things on campus

-informing people about some of the myths about affirmative action (at the rally or a specific workshop)

\*doesn't just represent people of color, its broader than that

-tie the affirmative action issue into the admissions crisis of low numbers of underrepresented students letting students into the university

-it would be impactful to have the rally at the activities fair where there is so many people

-could celebrate our culture that week with different communities (party to support the positives of our communities). We should appreciate political and cultural aspects of the issue

-displays of pictures and issues around the week and day of action

- informational stakes or signs during the week everywhere
- focus on how it relates to a lot of people (not just specific group)
- Goal should be to educate on broad range of issues it affects

Theme suggestions: “shedding new light”

- publicize event early and rally in particular
- pie charts for demographics of UCSB faculty, students, staff, etc.
- tie together race, ethnicity and socio-economic status as a general concept
- \*Find pre and post affirmative action statistics to inform

+Next meeting: bring some info. To educate about affirmative action issues

- People willing to research the issue
  - Raymond
  - Cassie
  - Amanda
  - Tiffany
  - Joanna
  - Bill
  - Brenda
