ballots will arrive in the mail the week of April 10th!

the facts:

- Annual $28 per bedroom tax for a ten-year period
- Tax would raise approximately $250,000/year
- This would not represent an increased tax payment for the vast majority of Isla Vista property owners because the requested amount is equal to a parkland bond payment that was paid off this year

What could this money go towards?

- Improved Lighting (safety and recreational)
- Skate Park
- Fitness Equipment
- Water security (recycled-water infrastructure)
- Fenced Dog Park
- Additional Community Gardens
- BBQ Areas
- Replaced Aging Playground Equipment

VOTE O-YES

PAID FOR BY YES ON MEASURE O 2017 - FPPC ID# 1395320

YES ON MEASURE O!

The Isla Vista Recreation and Park District’s mission is to improve and protect the quality of life through park stewardship, community engagement, and recreation and cultural programming.

Current IVRDP funds are insufficient to provide the level of park improvements and programming desired by the community. As a result, the IVRDP is proposing an annual $28 per bedroom tax for a ten-year period that would raise approximately $250,000/year.
