- Budget
- Application –
 - Corina's going to create the funding request application form by next week – the deadline for funding requests from TBTN are Wednesdays

PUBLICITY and RECRUITMENT

- post secret
- last year, the res halls had a huge posterboard where residents can post their secrets. It's a place where residents anonymously share what they're going through. It helps students to see that they're not the only one having a hard time. They can post these secrets to the website postsecret.com. Take Back the Night is interested in a post secret project. More brainstorming will happen in future meetings so we can figure out when we will do this.
- collaboration with health and wellness chair of hall councils so we can table at events
- we will advertise on the Flush

STAND

- Danielle and Laura are in charge of food, funding and workshop coordination
- more will be discussed when the conference gets closer

- Meeting adjourned at 8:15pm
