- CC interest through inviting to meetings via Zoom links -- no official responses yet
 - However, I will be making a pre-recorded video to answer the following questions for a club from my former CC.

- Examples of the questions I'll address for the students.

1. What did you wish you knew before you transferred (ie: the transfer process, application process, researching the major, researching the school, or researching the department)?
2. Are you involved at your new campus? If so, what are you doing? If not, how did that make you feel?
3. What have you carried over from COC?
4. What was the most shocking thing going from COC to your university? What challenges did you encounter?
5. In detail, how did you meet the friends you made there?
6. Are you commuting, living in the dorms, or living off campus? Describe your experience and include roommate situations.
7. What was your experience with things like scholarships, rent, FAFSA, and/or loans?
8. If you were attending school during the pandemic, how did your school handle remote learning?
9. If you could talk to yourself as if you were listening to this panel and were back at COC, what advice would you give yourself?
