ACCEPTANCE OF PROXIES TARDIES, AND EXCUSED ABSENCES

Carissa had a midterm

OLD BUSINESS

None

NEW BUSINESS

1. Scheduling.

We discussed next week's schedule. I.V. delivery went well, and Stan will be doing the next pick-up on Wednesday.

2. Items to buy

We discussed buying more worms, and extension hose, and more buckets. Hopefully this will be done next week.

3. T-Shirts

We are looking for a graphics designer to work on the shirts. Tyler can't do it until after spring so we are looking for someone to design them.

4. Park event

We discussed the design for the boxes. We will paint them a forest green with flowers. We will be writing a proposal to Park and Rec describing the design, and the education day/bbq we have planned to go along with it.

5. Outreach.

We discussed extending the route rider positions to helping with advertisement, such as pamphlets. Also, we would like to have a sign in Peoples' Park describing the purpose of our boxes and organization. Furthermore, we would like to table in the arbor asap.

4. Next week's meeting was planned for the same time.

Goal for the week: Get outreach going more (increasing roles of route riders), turn in proposal to Park and Rec, and contact Bill about workshops.

ADJOURNMENT

Meeting ended at 4:30.
