OLD BUSINESS

- 1.) Amy and Carisa purchased equipment for the bins that was approved prior.
- 2.) Tabling was a success. We increased our mailing list and have new members.
- 3.) A rough draft for our brochure and sign was submitted by stan

NEW BUSINESS

1. Scheduling.

We discussed next week's schedule. Java Jones has agreed to donate and recently signed the contract so Amy will do the first pick-up on Thursday. Overall, we are now committed to a Monday, Wednesday, Friday service at Isla Vista Market and Java Jones.

2. Tabling

We discussed the success of our tabling in the arbor on Monday, and have decided to distribute take-home compost containers for next time. These containers will be made out of basic plastic containers, small enough to be used in dorm rooms.

3. Park and Rec Proposal

We still have not heard from Park and Rec after turning in our outreach event proposal, but we are continuing to discuss our plan for the event. Our first goal is to have the bins painted a forest-green as soon as possible.

4. New Supplies

We discussed purchasing a hose extension/buckets this weekend. Furthermore, the hose fitter at People's Park is missing so we are looking in to replacing that.

Approve \$150 misc supplies for program. Unanimous.

5. Outreach.

We continued to discuss our plans for outreach, and are now in the process of submitted all our proposals to the graphic designer. We plan on distributing t-shirts, stickers, flyers, brochures, and order a metal sign.

4. Next week's meeting was planned for the same time.

ADJOURNMENT

Meeting ended at 4:45.
