New Business

1. Website

We discussed the creation of our first website. It has been designed, and the final step that needs to happen is putting it up on the AS server. We made an appointment for next Wednesday to do so.

2. Scheduling

We discussed route rider schedules for next week. We are adding Isla Vista Market as one of our businesses. Amy and Karisa will drop off the box on Monday at the market, and pick it up on Friday (Karisa will go with Amy as part of her training process). We also discussed renewing our contracting with Jave Jones.

3. Table at the Arbor

Since our website is up we want to schedule a table in the arbor as soon as we figure out our situation with Park and Rec, and have a date designated to paint the boxes/have an educational day.

4. Design for the boxes.

We discussed possible designs for the boxes. Our goal is to find an artist/artists for this project.

4. T-shirts

We discussed creating t-shirts. We have a meeting with Tyler the tech guy on Wednesday to create a design.

Adjournment

Meeting ended at 4:30 p.m.
