Fellow students,

My name is Jonathan Abboud and I am ready to be your A.S. President.

Having served as President of the Residence Halls Association, I have developed a comprehensive understanding of the University structure and how it actually functions. I will use the strong relationships I’ve established with the UCSB administration to benefit ALL students.

Experience:

Started a Facebook campaign that sent THOUSANDS of letters to Sacramento in July 2011, helping PREVENT $350 million in budget cuts to the UC.

SUCCEEDED in working with the Dining Commons to introduce TAKE OUT BOXES.

Projects: Student Bill of Rights, Bike Fix-It Stations, San Miguel Stage Mural, cutting $150,000 of WASTEFUL spending in A.S., FOUGHT (and won) against a TAX on student fees, and voter registration in the 2012 election.

2011-2012 A.S. Senator

My Plan:

1. “It All Comes Back to You” – A program which will REFUND to STUDENTS the UNUSED money we all pay into A.S. to promote fiscal responsibility.

2. A Secure Future - Work with advocates for higher education across California to secure a multi-year FUNDING PLAN for the UC.

3. Facility Improvements - From transforming the UCen into true hub on campus to having better equipment and activities at the Rec Cen.

4. A.S. Entrepreneur Fund - I will be making a strong effort to support a culture of entrepreneurial innovation at UCSB.

My name is Jonathan Abboud and My Door is Always Open.

Fellow Gauchos,

As the state of California continues to de-prioritize the UC, stakes are higher than ever. Unjust fee increases persist—not only hijacking the very things, like student services, that enable us to be here, but our education itself.

Today, we need an AS that demands JUSTICE and creates a SUSTAINABLE future for ALL. As YOUR president, I will work collectively to prioritize student interests, and more importantly, student NEEDS.

Experience:
• LOBBIED representatives at DC on student loan debt
• MANAGED million-dollar budgets to ensure fiscal responsibility
• COLLABORATED with student orgs on diverse student issues
• ORGANIZED a campaign to students about where our money goes at the UC
• Leadership: Resident Assistant, Orientation Staff, Commissioner on Budget & Resources - AS Office of the President, Finance Board, Student Commission On Racial Equality

Vision:
• Unify students to fight for lower tuition and demand that students come first in any agenda
• Hold administration accountable to protecting students’ rights to safety and security at the UC
• Makeover AS website to be more transparent, relevant, and user-friendly with employment opportunity announcements and news on local and system-wide issues (i.e. UC budget)
• Explore creation of an AS Thrift Store to exchange resources and create more job opportunities
• Continue being friendly and approachable

I offer the Vision, not just campus fix-it projects. With YOUR help, we will truly make Associated Students—and the UC—associated with the students.

Hi I'm Mac Kennedy, running as an Independent for Associated Students President

You may know me from when I was an AS Senator. Among other projects, I started the UCSB Hurricane Sandy Initiative, & put the bike safety signs on campus. I have 3 big plans if I become president:

1. Reduce our tuition. I'll use my experience successfully lobbying and my relationships with our legislators to lower the cost of the UC education

2. Eliminate corruption in student govt
   - Execs use our fees to pay for their tuition. This is outrageous. What have they done for you? I want to abolish this practice and give those tens of thousands of dollars back to you all
   - And the hundreds of jobs that decide where our student fees go are currently appointed to party favorites. These jobs should be open to YOU. You should be the person deciding which artist should come perform at UCSB next or how often we have those dog therapy days on campus, for example.

3. Phase out stipends and put those funds back into students hands. This would allow us to substantially increase the number of events on campus and how much more badass they'd be. This would also allow student orgs to travel more, or for more student lobbying, etc.

I'm running as an independent, I want YOU to be my boss, not some party. I want to work to improve this school, not work for one party and against the other. This shouldn't be a popularity contest. We should come together as a campus, and furthermore come together in the UC system as a whole, to really innovate our college experience as best as possible.

I'm Mac Kennedy, running as an Independent for Associated Students President

Thank you for your time.

Candidates for Internal Vice President

Greetings UCSB! Allow me to introduce myself the name is Juan Galvan. I am running to be YOUR Internal Vice President with the DEMOCRATIC Process Party.

Amidst this time of inactivity, growing tuition fees and state budget cuts are looming in our future, and it is up to YOU to organize and unite in order to combat these issues. The unlimited resources A.S.
provides are vital and should be used as vehicles for creating change on our campus. The lack of visibility and accessibility has prevented the association from truly being of the students. As IVP my plan is as follows:

- Increase visibility and accountability by live streaming meetings and increasing students’ knowledge of what is happening in A.S.
- Create a fellowship in the office that would provide 1st year students and transfers an opportunity to become involved in A.S.
- Explore new sustainable jobs that would provide employment for students. (AS Broadcast, AS Book Exchange, AS Health Interns)
- Develop an inviting atmosphere that makes A.S. more welcoming and representative of the students.

This is OUR University! Regardless of being elected, I will be in the front lines with my peers and we will CREATE change on our campus. I am for the PEOPLE, and of the PEOPLE. Allow me the honor to serve you as IVP, and together we will work as a collective to take back OUR university.

It’s all GOLD EVERYTHING UCSB! Let’s make our campus GOLDEN and remember to vote for the Democratic Process Party!

UCSB!

Due to my amazing mane they call me “Lion”, but my real name is MARTIN POLANCO. Majoring in Art History n’ Writing Minor in Civic Engagement. Seeking ways to engage individuals into the process and right to know and the right to act. EDUCATION.

For Internal Vice President (IVP):

- The goal is to run a critically constructed meeting where something gets accomplished for the Student Body
- Transparency, not clear to the members of AS, but CLEAR and VISIBLE to the Student Body who make UCSB
- Commit to acknowledge the current situation and those involved, carried out through a proper action
- Not to compromise but to fully extend the power, the Student Body really has on making decisions involving them
- Make AS an ALLY to the whole Student Body

What can I bring to the table you ask?

1. I WILL DO the WORK
2. Bring forth EFFICIENCY
3. Access and Provide services to YOU
4. My commitment and dedication shall NEVER FAIL

My purpose is to place forth the availability for engagement in what constitutes our futures, our debt, and our careers as students at UCSB.

I plan to represent YOU. Lack of student representation has greatly affected A.S. It is important to reflect on what is needed for the students. We need long term affects that are there to aid US, rather than impede on our education and experience as students.

One Love,

Martin Polanco

Candidates for Collegiate Senator

Wassup Gauchos!

I’m Wessam Aziz, second year mechanical engineering major here at UCSB and I’m running to be the new College of Engineering Collegiate Senator!

I’m looking to be elected in office next year because I first handedly experienced different types of social injustices and would like to see some things changed and some ideas corrected here at UCSB. If elected I would like to work on a few things like
Promoting diversity on campus
Increasing the visibility of the available resources to everyone, engineers in particular, and working towards creating more resources like CLAS for ME classes for example, as those courses aren’t currently offered to us.
Put together more mixers with our professors and dean(s) in order to be able to share with them our questions, feedback, or just get to know them.
Raising awareness on campus about injustices going on in other parts of the world because WE CAN make a difference here from our campus across the continents

We all pay for AS on our BARC and should really start utilizing our money however we would like, not however whoever those who end up winning the elections want. Our campus is charming enough to start with, but I believe that strong a AS presence next year could make a noticeable positive impact on our experience here at UCSB. and the DEMOCRATIC PROCESS Party is lucky to have driven individuals who could do it! so Vote Wessam Aziz, DP for Collegiate Senator of College Of Engineering.

Greetings Gauchos!

My name is Alexandra (Ali) Guthy and I’m running to be one of your 2013-2014 Collegiate Senators for the College of Letters & Science.

As Administrative Vice President of the Residence Halls Association (RHA), I’ve gained invaluable experience as an activist for student needs and concerns; I help manage this incredible organization, which represents all students living in the Residence Halls. Additionally, as Hunger-Houseless Coordinator for the Community Affairs Board (CAB), I host weekly Breakfast and Dinner Club events to aid the houseless in IV. This position inspired me to pilot UCSB’s first Swipes for the Houseless program, where students with a university meal plan can donate excess meals to the local homeless community.

If given the great privilege of serving as one of your senators next year, I hope to further my legislative endeavors and better promote the interests of this diverse student body.
Alexandra "Ali" Guthy  
Open People's Party (O.P.P)

EXPERIENCE:
- AS Community Affairs Board (CAB) Hunger-Houseless Coordinator
- UCSB Swipes for the Houseless Co-Chair
- AS Commission on Disability Equality
- RHA Administrative Vice President
- Psychology Research Assistant
- Santa Cruz Hall Council President (RHA 2011-2012 “President of the Year”)

GOALS:
- Create a transportation system for temporarily disabled or differently abled students.
- Expand UCSB Swipes for the Houseless, so more meals can be donated.
- Create an additional bus route to pick up students from the Goleta train station.
- Greater transparency between AS and the student body (i.e. quarterly informational forums).

And I am running for re-election as your representative in the Associated Students senate!
Amir "Reza" Khazaieh
Open People's Party (O.P.P)

The College of Engineering community comprises 7% of the overall UCSB population. Just because our numbers are small does not mean we should opt out of the services that we are paying for with our tuition, and that everyone else is receiving. We work hard in everything we do, from school to student groups, and if re-elected I will continue to:

• Push for more GRANTS and SCHOLARSHIPS that we can take advantage of, because who doesn’t need a resume boost and some cash nowadays?
• ENGAGE engineering student groups with AS, increase COLLABORATION, and make ourselves KNOWN on campus.
• MAINTAIN our facilities, from the bike paths in front of HFH to Instructional Labs in IV.
• Return and funnel more of the fees YOU pay into AS back into YOUR pocket
• Fight AGAINST the spending of YOUR money for the personal stipends (honoraria) of the Association (I am the ONLY senator this year to NOT apply for my $420 a quarter stipend, and one of the FEW who fought paying THOUSANDS to The Bottom Line staff)

Together, we can build this campus before we go on to build the communities of tomorrow. Vote for me, and Vote O.P.P.!

Steven Lopez
Democratic Process Party (D.P. Party)

Hey UCSB
My name is Steven Lopes and I’m running to be YOUR Collegiate Senator for the College of Letters and Science

During the past 2 years, I have been involved in organizations in and out of the Association. I am a leader in organization such as AS Finance Board, AS Food Bank, and Queer Student Union. Through these organizations I have:

• Worked with Associated Student (AS) 9 million-dollar budget to ensure that YOUR money is spent responsibly
• Organized event to raise foods and fund for the Associated Students Food Bank that has grown due to student need
• Led a student delegation to a conference that expanded their minds on queer issues and some intersectionalities of them

When elected, I will:

• CREATE programs and ENHANCE study spaces
  • Especially during dead week and Finals week when study spaces become limited, I will look for alternative space and work with entities such as the UCen that hosts study spaces such as these
• EXPAND student services for continued academic support of students
  • CLAS tutors are not offered for many classes. I will create a survey to identify what classes have a high demand in assistance but where tutors are not available
• FIGHT for Students’ Rights

As you senator, I will make sure that your student fees are spent in a way that is BENEFICIAL, to you. It is time to make YOUR voice heard

  Let’s hold IV business to the standards residents expect. Let’s make sure employees are treated fairly and company values reflect those of our community.

- **GOOD FOOD**
  Let’s adhere to the UCSB Green Bill to promote organic, healthy food choices, and work towards labeling genetically modified food. Isla Vista voted heavily in favor of Proposition 37 last year, so I take that as a mandate to educate students on this issue.

I am ready to represent students like YOU, and make sure OUR money is used in a way that benefits US.

Hello! Since arriving at UCSB three years ago I’ve taken in as much as possible and now am prepared to represent you as your Collegiate Senator!

My name is Scott. I’m a political science major enamored with life, sunshine and Ethiopian food. I served as Academic Affairs Board’s programming chair and Committee on Committees Vice-Chair. Loved every minute of it.

**Academic Affairs Board:**
- Urged Professors to stand with students against high-cost textbooks

Hey CCS!

My name is Elliott Patzkowsky. I’m a second year literature major running with OPP to be your CCS SENATOR! I’m excited to represent our college, and here’s why I’m the guy for the job:

— As a transfer from L&S Honors, I appreciate the disparities between being in CCS and being in L&S,
Elliott Patzkowsky
Open People's Party
(O.P.P)

and can represent YOU better than anyone.

— I love CCS. It’s the reason I’m at UCSB. I am committed to ensuring our college’s continued existence and growth.

Some of my ideas for making CCS an even better place to learn include:

RENOVATION:
• Our computer lab needs help. One faulty printer for 400 students is not enough. I will work to upgrade the current printer and add another to minimize printing conflicts.
• I want to make the CCS lounge a more welcoming area where students can work and socialize in comfort.

PERCEPTION:
• Faculty members outside of CCS have an inaccurate perception of CCS students and our freedoms. I want to show how dedicated and intelligent CCS students are by getting our college more involved in campus events.

SUSTAINABILITY:
• I’ll work with Green CCS to ensure funding is available for eco-friendly initiatives.

Due to the size of CCS, we only recently received representation in Associated Students. If elected, I will be YOUR VOICE on the AS Senate and, since we pay the SAME FEES as other students, I promise WE WILL BE HEARD just as loud.

Vote Elliott Patzkowsky and the rest of OPP. Thanks for your support!

Hey Gauchos!
My name is Marvin Ramirez, and I am the average student. I am originally from Nicaragua, a country that understands economic hardships and personal turmoil. In the past few years I have experienced a few unfortunate things I would like to share:

• Charged for cheating because I allowed someone to see MY work before a midterm
• Unfairly convicted of a DUI (IV)
• Lost our family's house
• Had problems with my financial aid and couldn't afford my books

These events have both humbled me and made me strong, inspiring me to get involved and help others.

Current involvements:
• Caseworker under the Office of the Student Advocate
  o Learned about student rights, inclusivity, mediating, and progressiveness
• Committees on Committees BCC Liaison
  o Increased student involvement and AS functionality

My hope is that in this process, I can become a VESSEL for student voices. I believe in socially responsible investments and I believe that we should hold our university leaders accountable for student fees that are used fund genocide, apartheid, or environmental degradation. I believe in fighting for indigenous rights and hope to continue to do this during my final year.

Nikki Cooper
Open People's Party (O.P.P)

Olé Gauchos! My name is Nikki Cooper and I am running with OPP to become your next Off-Campus Senator! Being a fresh face to our campus, I am ready to take on the challenge of bettering your experience at UCSB and making your time here the most incredible years of your lives.

As a first year student, it’s hard for me to find anything wrong with UCSB! Like many of you – I love this place! The beach, the mountains, 24-hours of burritos with barbeque sauce! What’s not to love?

However, I also recognize that not all of your needs are being met and that has to change!

My goal is to get T.I.P.S.Y.
T – Tackle the party image! Yes UCSB is an exciting campus. However, I will also ensure that the academic excellence on campus is being promoted.
I – Increase student regents! I will help more students have a voice when defending higher public education.

Gabriel Daiess
Democratic Process Party (D.P. Party)

What’s up Gauchos? My name is GABRIEL DAIESS and I am excited to be running as YOUR OFF-CAMPUS SENATOR. I am currently a 2nd year Global and International Studies major and Resident Assistant in Santa Catalina.

Helping 80 first-year residents acclimate to UCSB has reminded me of the many struggles WE as students face. Few issues I plan on addressing have forced students to reconsider furthering their educations here which is UNACCEPTABLE!

Once elected, I will advocate for:

* Positive relations between law enforcement and Isla Vista residents (less police brutality and aggression. More safety, PEACEKEEPING and collaboration).

* Condemnation of local housing and utilities monopolies and their exploitive, unethical business practices (losing safety deposits should NOT be the norm).

* Smaller classes. LESS CRASHING. Greater freedom in selecting electives—students should be able to explore many disciplines regardless of major/class-standing.

* A campus climate that is FULLY INCLUSIVE—allowing groups to organize and utilize their freedom of speech.

* Student RETENTION through strengthening campus resources, especially those serving underrepresented communities and CLAS.
* Proper allocation of ALL student funds to GUARANTEE the utmost quality of education.

* Greater TRANSPARANCY between the regents and students—we should know where OUR money is going at all times.

* Continuing our efforts to remain a leading environmentally SUSTAINABLE campus whilst being as COST-EFFECTIVE as possible.

I guarantee to ALWAYS represent YOUR voice and best interest. I will not compromise the quality of our education nor college experience for anything!

Vote Gabriel Daiess for Off-Campus Senator with the D.P Party!

Fellow Gauchos,
I'm Maria Flores, I am running to be your off-campus Senator.

Throughout my years as a college student my, and many other students' struggle to somehow succeed in school, while working full time is a testament to why student debt is an issue that must be tackled. Too many of us have been burdened by the shackles of unavoidable debt and it is time that we demand what by law should be free to all of us. This is an issue that the A.S Student Lobby has taken seriously and has been working to combat. We have crafted a campaign that directly addresses student debt and have been tirelessly collecting signatures and petitions to demonstrate to our legislators that we the students do not accept their decisions. I intend to continue this fight against student debt, and if elected I will make sure that this is an issue that we prioritize and tackle hands on; by addressing issues such as the privatization of IV, access to resources, over-crowded classrooms, and the availability and accessibility of our courses.

If you elect me as your off-campus senator I will fight to amplify and empower the voices of those of us who have been systematically and structurally left out of the conversations. I will strive to give light to the issues and virtues within our communities, and I will strive to ensure an open and easily accessible communication between the students and the association.

VOTE MARIA FLORES for
OFF-CAMPUS SENATOR! VOTE DP!

Hey Gauchos!

My name is Arezu Hashemi and I'm a first year running with OPP to be your OFF-CAMPUS SENATOR!

Isla Vista and I have a secret love affair. Well, it's not a secret....and it isn't an exclusive relationship either. With beautiful beaches, unforgettable parties, and burritos for days, it's hard to resist falling for IV. But we all know that as much as Isla Vista has to love, it has just as much waiting to be improved.

As your off-campus senator, I will work on doing just that!

My experience:
• Public Health and Safety fellow at the UCSB Associated Students Office of the President
  o involvement with establishing the Violence Intervention and Prevention (VIP) Program, a peer based program that addresses issues of sexual assault
  o involvement with promoting student health forums such as “Share Your Voice, Claim Your Health Care”
• Marketing for UCSB Swipes for the Houseless

My goals include:
1. Promoting TRANSPARENCY within AS and increase COMMUNICATION between students and their representatives.

2. Improving SAFETY in Isla Vista by making advancements towards improving lighting in areas such as Camino Corto and parks in IV.

3. Working with STUDENT HEALTH to make the clinic available during the night and on the weekend.
Hey everyone!

My name's Phelan “Phe Phe” Jackson I'm a 3rd year Physics major and I'm running to be your off campus senator with the Democratic Process (DP) Party.

As your off campus senator I will work for you to make concrete and visible changes in this community. I will work openly to make sure everyone's voice is heard. We have an opportunity to come together and make a big impact on this campus. So, why wait another day? Let's make change happen right now!

THE PLAN
- Encourage student and faculty diversity through community outreach and proactive policies
- Raise awareness and encourage more open discussion on the problem of sexual assault in our community
- Hold Isla Vista landlords accountable for bad management practices
- Institute a 1st time renter awareness program, teaching you how to make sure you keep your money and your security deposit
- Fight back against the unjust evictions of Isla Vista families
- Make healthy sustainable local food affordable and available for all
- Reach out to the IV community to make sure we're working on the issues most important to you, it's residents
- Facilitate student participation and involvement in Associated Students (Getting the info to you so you don't have to get it from us)

Vote Phelan Jackson DP! Feel free to contact me with any questions, pjackson624@gmail.com

Fellow Gauchos,

My name is Travis Jarjour and I am running to be YOUR Off-Campus Senator!
I am double majoring in Biology/Political Science, and have been an active student on this campus and am seeking to continue by serving you, the students!

Experience:
- Fellow in the AS Office of the President
- Worked on events such as: Isla Vista Clean up, Lighting in Isla Vista, Putting an end to police brutality, and helped organize first Student Run Textbook Market
- Hall Council at Santa Catalina

My Plan:
- Landlord/Tenant Issues: Landlords have been abusing their power and I want to make sure that this stops NOW. I want all students to know their rights as tenants and to know what their landlord is and isn't capable of doing.
- Better lighting off Campus: I have already started working on this by meeting with I.V. Foot Patrol.
- Cleanliness in IV: Enforcing regular clean up by the sanitation department.
- Parking in IV: Either look to better regulate parking, or to somehow create a student parking lot or parking structure in I.V. to finally solve this issue.
- Safety: I want to create a SAFE and WELCOMING environment for all students at all times.
- Open a clear line of communication between students and A.S. Officials at all times.

I have plenty of ideas and am ready to hit the ground running! If elected, I plan on making CHANGE for the better of all STUDENTS at this campus.

Vote TRAVIS JARJOUR for OFF-CAMPUS SENATOR with none other than the DP Party!

Salutations, friends!

Having been close friends with numerous members of Associated Students for the past three years, I've
always found tremendous frustration in how it’s been run. I’ve politely listened to hours of snide, petty complaints about meaningless personal dramas within the association from an outsider position – as someone who wasn’t caught up in the B.S. And being in this objective position has afforded me a clearer insight into the true purpose of A.S. This organization is NOT about pushing personal legislative/ideological preferences, but about serving YOU: the student. I believe that public office is not a position of power, but an undertaking of servitude. Too often, I hear of our elected student officials ignoring their greater constituency’s opinions in favor of the select few they agree with. It’s time to change this.

QUALIFICATIONS:
-Third-year Film & Media Studies Major
-Founder, Editor-in-Chief of Campus Point – UCSB Magazine
-Santa Catalina North Tower Co-President
-Media Relations Committee Designer
-Member of the IVP Office
-Self-endorsed Sushi Chef

PLANS:
-Enact a program which will refund all leftover/unused AS funds to the students who paid for them instead of rolling over into the next year so as to promote fiscal responsibility within the organization and ensure that students pay only for what they get.
-Begin an A.S. news broadcast program.
-Invest in fun infrastructure on campus, such as swinging benches and propane fire pits.
-Create LAWNTOPIA – a campus-wide picnic & music day.
-Create a LIVE video feed of Senate meetings so that anyone, anywhere, can see what A.S. is doing in real-time, also providing constituents the ability to respond with their own opinions of bills on the table.
-Represent YOU – not myself.

Let’s have some fun.

Love me sexy,
Corey Lau
Amanda Manalo  
Democratic Process Party (D.P. Party)

I am a third year political science major. I am so excited for this opportunity to represent you in A.S Senate!

Some of my current and past involvements include:
• Activities Chair in Anacapa Hall Council
• External Affairs Chair in UCSB’s Model United Nations
• Attending the 2012 Student of Color Conference at UCR
• Vice-Chair of A.S Human Rights Board

When elected, I will:
• Increase ACCESSIBILITY and VISIBILITY of A.S by publicizing the weekly Senate agenda, issues facing A.S, and Senators’ and Execs office hours.
• Work to EDUCATE students and organizations about inclusivity and the use of hate speech in everyday language.
• Address the issue of suicides and dropouts on campus, and work with the Counseling center to CREATE programs better suited for students (i.e safe ways to deal with stress and time management).
• Concentrate on students’ rights issues as well as bringing up international human rights issues and make our campus BETTER INFORMED.
• Fulfill my duties as a Senator by representing YOU and listening to your ideas and suggestions!

I want to make this a safe, accepting, and enjoyable environment for all Gauchos. This is OUR campus and our home; let’s make our voices heard!

Remember, you have power to sculpt this campus into what you want it to be, exercise that right by voting in the A.S Elections!

Hey Gauchos!
My name is Nick Onyshko. I’m a third year political science major running with OPP to be your OFF-CAMPUS SENATOR. I’m ready to FIGHT for you by addressing the issues we face as UCSB students and residents of IV. I’ll utilize my experience with advocacy to REPRESENT you and ensure that administrators, the officials that control IV, and politicians in Sacramento, hear our voices.

MY PRIORITY IS YOU!

Experience:

-I served two years as the Student Trustee for my Community College where I organized advocacy efforts and created a partnership to increase accessibility by utilizing donors to fund classes.
-I was the ASB President at Frazier Mountain High School.

My plan to SERVE you:

Like many of you, I live and work in IV, and understand the issues facing our vibrant community. To ENHANCE IV I will:

-Pressure SB County to repair streets in IV. Potholes and cracks are dangerous for bicyclists and skaters.
-Advocate that the university take an interest in IV.

As a transfer student, I understand the frustrating transition to UCSB. To ASSIST TRANSFER STUDENTS I would propose:

-Constructing a website to provide transfers with information about housing, campus resources, and clubs/organizations.

To BETTER UCSB I would:

-Establish study lounges close to IV and easily accessible to off-campus and commuter students.
-Increase communication with the Student Regent about issues affecting UCSB.

Together, WE can improve UCSB and make IV a better community!
Vote OPP, and NICK ONYSHKO for Off-Campus Senator!

-While I’m only fluent in English, I love mixing in words from other languages into my conversations, confusing mostly myself more than others

My name is Hani “Cash Money” Tajsar and I am running for Off-Campus Senator.

In my three years at UCSB I have been to and organized many events with student orgs fighting for workers, indigenous, undocumented, and students’ rights. I have been in spaces in which students complain about the lack of representation in AS. I have been in spaces in which students feel silenced and disregarded. It is time for us to stand together for those that are MARGINALIZED, OPPRESSED, and OCCUPIED.

Experience:
- Organized to bring a 30-foot long wall symbolizing the apartheid wall in the West Bank to campus
- Involved in organizing the “Walk Out Teach In” in which 120 students participated in response to tuition hikes and the privatization of the UC system as the Direct Action Coordinator in the Office of the Student Advocate
- Brought in a member of the Irvine 11 to speak about his experience being criminalized for a public protest in UCI.
- Attended two Students of Color Conferences and one Students for Justice in Palestine - West conference.

Project Goals:
- Divest our tuition and fees from any companies profiting off of human rights abuses around the world.
- Cooperate with student-led coalitions to organize a student movement against rampant tuition hikes.
- Collaborate with student organizations working towards increasing diversity amongst students, faculty, and staff to resemble the demographics of California.

Fellow Gauchos:
Imagine this:

You wake up one morning and feel the warm sun beaming down on your skin. You quickly recollect all of your memories from the night before and smile. You get up, put the minimal amount of clothing on, and walk outside. Automatically you are hit with the cool ocean breeze, gripping you passionately, as you watch people walking around the streets, enjoying their time. Some are riding bikes, others are taking pictures of the beach, and others are running around in nothing but underwear as they eat their burrito from Freebirds. Everything is safe and the way you dreamed college would be. IV becomes your paradise.

This is the IV I imagine. I imagine an IV where there are blue lights on the streets that can ensure the safety of everyone. An IV where there are better bike parking lots so we all feel safe parking our bikes. An IV where there is proper lighting among the streets, to help on that walk home. An IV where its people are educated on the effects and issues concerning sexual assault. An IV that is better for everyone.
What’s my way of getting my dream to come true? By becoming a part of A.S. I imagine an AS where everyone’s needs are met. An AS where there is better communication between it’s members and students. An AS where we can make this difference. Where we can make a difference.

My name is Andre Taylor and I am running for Off-Campus Senator. If elected, I promise we, the people of this beauty, can better IV for everyone.

Vote for the OPPortunity to have your voice heard.

Hello Gauchos! My name is Mario Vasquez and I want to be your off-campus senator.

My campaign is founded on four pillars that will PROTECT and PERFECT our student community:

1. In line with UCSB’s status as the birthplace of environmentalism, I am committed to keeping this university at the forefront of ECOLOGICAL AWARENESS and will introduce legislation to further REDUCE our environmental footprint and ensure we are a ZERO WASTE campus by 2020.

2. As your off-campus representative, I would be a strong supporter of keeping Isla Vista ETHICALLY RESPONSIBLE - that means combating the trampling of tenant rights by landlords, putting checks on police brutality, and ending the growing corporate influence in OUR COMMUNITY.

3. Providing more services to low-income and first-generation college students that will enable them to SUCCEED. Additionally, I will emphasize the promotion of programs and organizations that help RECRUIT and RETAIN students of color at UCSB.

4. The continued divestment from companies that support injustice throughout the world. It is my goal to make AS a PRODUCTIVE and PROGRESSIVE entity when dealing with companies who have an affect on the ENVIRONMENT and HUMAN RIGHTS. I am committed to keeping UCSB on the RIGHT side of history.

I know these issues are important to YOU and I hope you allow me to be an advocate for the belief that that this university was built for US and therefore should be run by US.

Derek Wakefield
Open People's Party (O.P.P)

I’m Derek Wakefield, a first year Political Science major and a proud brother of Theta Nu Kappa. With OPP, I am running for Off-Campus Senator on a platform of LGBTQ equality and Isla Vista safety. I also promise to maintain transparency in my work as a senator and remain accountable to you, my constituents, if elected.

If you haven’t met me in person, you can find me around San Nic and the dining commons or putting on events with my fraternity. They’ve helped me develop a dedication towards community improvement through events like tree planting, a Senior Prom at Friendship Manor and street cleanups. I also work at the Resource Center for Sexual and Gender Diversity as part of the Safe Zone Training team and identify as an ally of the Queer community.

With this passion, my goals as Off-Campus Senator are to:
- Raise awareness of hate crime and hate speech incidents through proactive education and Safe Zone Training
- Organize self-defense workshops and classes so students are prepared in case of assaults
- Improve street light coverage in Isla Vista, especially around Camino Corto and nearby blocks
- Offer bicycle insurance – if you are covered and your bike wheel, handlebar or entire bike gets stolen, you can get reimbursed so you aren’t without a bike
- Work with Isla Vista Rec and Parks to install more bike racks around Isla Vista, such as on Del Playa
- Overall, just make Isla Vista as safe and convenient for students as possible!

Transparency, community improvement and forward progress are all platforms you will see carried out if you vote for Derek Wakefield and OPP.

Don’t forget to D-Rock the vote!

Guadalupe "Lupe" Zelada
Democratic Process Party (D.P. Party)

I’m Lupe Zelada and I am a first generation struggling college student, I come from a very underprivileged background, I am the 6th of 7 kids, I am of mixed ethnicity, I am a female, and where I’m from most kids never get the opportunity to attend a 4 year university. The statistics for me are very low, womyn like me aren’t supposed to go to college and yet I’m here advocating to my fellow students to appoint me as one of their senators. I don’t just understand the struggle, I’ve been living it since the day I graduated high school. I see the problems but even more so I see the potential for change. I want to strive for a more inclusive AS, students should be aware of who their AS reps are and what they’re doing. I want to address the privatization of IV and push for a more safe IV environment. I want to discover different ways for us to lower tuition and take these ideas to our legislators. These are some of the most important things affecting our AS student body today and that will continue to affect the campus and students. If voted in I will fight for better accessibility to our education and I will stay loyal to the students and their evolving needs. Thank you, my name is LUPE ZELADA and I’m running to
