Fellow Students,

My name is Alejandra Melgoza, I'm a third year Sociology and Chicano/a Studies Major and I am ready to be your next AS President.

As an Off-Campus Senator, I've committed myself to making improvements in Isla Vista — I've helped bridge police relations, addressed tenant rights and housing issues, and engaged students on discussions about Isla Vista self-governance.

As the Co-Chair of MUJER, a student-led organization which advocates for the safety and well-being of Latina-identified women, I've mentored high school students, fostered a support group for fellow Latinas on campus, and put on a conference to empower 200 girls to pursue higher education.

While I may have held multiple positions, sat on campus and systemwide committees, and worked in AS offices, I never forgot what it's like to be a student — I'm the girl that served food in the dining commons, scours Course Reserves for books, and runs along our beautiful beaches at sunset.

I've also experienced injustice and unfairness.

Alejandra Melgoza
Independent

I've struggled to pay rent and find a place to live, had to choose between meals and textbooks, given up studying for midterms to work overtime, and — when life got too rough — had to stand in line for hours just to get an appointment at CAPS.

As student who has STRUGGLED through the system time and time again, I've remained afloat in order to fight on your behalf and ensure YOU have access to the resources YOU need.

As your AS President, I will:

- ADVOCATE on behalf of all students to demand a more welcoming and inclusive Campus Climate;
- Continue to REFORM campus sexual assault policy, demanding increased support for survivors through a just adjudication process and extension of academic support;
- I will PRESSURE the university to increase access and availability of Mental Health Services by demanding increased funding;
- I will continue to work with the Isla Vista community to FIND SOLUTIONS to housing food insecurity

Vote Alejandra for President.

Kelvin Campos

Hello Everyone!

My name is Kelvin Campos and I am running to be your next Collegiate Senator for the College of Engineering with the Peer Action Coalition! As a member of the College of Engineering, I plan to represent not only my fellow Mechanical Engineering majors but also my other fellow colleagues in the College of Engineering. I have worked with faculty and students prior to my attendance here on campus, for instance, organizing the academic itinerary for performances and school productions with professors and leading a music sectional. These opportunities have shaped my communicative skills, passion, and reliability.

As a first-year, gay, Salvadoran student here at UCSB, I plan to EMPOWER the marginalized and disenfranchised voices in the College of Engineering. The homogenous demographics and culture of our college perpetuate the overrepresentation of the same groups, and vary greatly from those overall at UCSB.

During my term as a collegiate senator, I plan to communicate and inform the college of any internship opportunities in order to prepare the students here at UCSB for the future. In addition, I plan to communicate with faculty to increase the number of research opportunities here on campus so that an increase in professionalism among our student body increases.

Vote for KELVIN CAMPOS for the College of Engineering Senator! We are more than PAC; we'll keep our pact. GO GAUCHOS!

- Student-at-large on Internal Affairs committee of Associated Students

My name is Emanuel Suarez Jimenez. I am a 3rd year majoring in Chicax Studies and have a minor in Education. Currently, I am a student intern at the RCSGD for the past two years, the LGBTQ+ center on campus (located at the 3rd floor of the SRB). Starting with my first event, the 2nd Annual Fashion Show, I have continued to build communities and bridges with each event that I have planned and hosted, creating spaces for a multitude of identities. With the vast amount of planning and organizing that I have done thorough my years here at UCSB, such as, planning the QTPOC Conference for students throughout California, an LGBTQ+ leadership retreat, as well as organizing through Queer Commission. This being my first year in A.S. Queer Commission, as Pride Chair, I have taken a diminishing tradition, and evolving it to better represent with the queer and trans population on our campus. With this position, I have attended the national LGBTQ+ Conference this year, Creating Change, in which I was able to meet a vast array of queer and trans leaders and activists that are actively on the battlefield defending our rights such as the founders of the Black Lives Matters Movement among other queer and trans folk. Other than the countless events and delegations that I

Emanuel "Manny" Suarez
Jimenez
Queer and Trans Student
Body (QuTSB)

have hosted, organized, and planned throughout my years here, there hasn't been much work done for our queer and trans population. It is time to support, and offer resources, to folk who want to make changes within our school. And being the octopus I am, have my hands ready to help and create for every one of these pressing issues. This allows for me to hear the concerns of my communities, and thus provide the best services that our campus should be providing, but fails to. There are many flaws within Associated Students, silencing of voices, the acknowledgement of privilege, and the misrepresentation of our LGBTQ+ communities on campus. I may seem as quiet as a cat, but that won't keep me from being F.I.E.R.C.E.!

Adam Tabor
Peer Action Coalition
(PAC)

Hey CCS,

I'm Adam Tabor and I am running to be the next CCS Senator with the UCSB Peer Action Coalition! As a CCS Biochemistry major with a Spanish Minor, I intend to IMPROVE CCS representation at UCSB, financially and socially, as many students do not know of the College of Creative Studies, as we are an underserved and misunderstood college at UC Santa Barbara. I hope to improve diversity in CCS because growing up in Louisiana as a Jewish Persian student I understand how it feels to be underrepresented thus I feel that WE underrepresented students are underserved and in dire need of better representation. Creative Studies students need to feel WELCOMED and SECURE on this campus.

When elected, I will work to increase the number of CCS courses available by working with the CCS Student Council and the Faculty Executive Committee (FEC) of CCS. I also will COLLABORATE with RHA to further SECURE on-campus residential spaces that cater to Creative Studies students, as well as lobby administration for improved facilities.

With my previous leadership experience as an executive in the UCSB Chemistry Club, and the Spanish Honor Society in the past, I intend to lead CCS into being a more MODERN and less isolated college on campus.

In conclusion, I am PROUD to come from the most DIVERSE and ESTABLISHED party on campus and hope to be afforded the privilege of serving you all in the coming year!

Hey Gauchos!

My name is Richard Zierer. I am a first-year Political Science Major and I am running with the UCSB Peer Action Coalition to be your Collegiate Senator for the College of Letters and Sciences.

- As Secretary of YAL, I've developed the communication skills, efficiency and dedication necessary to coordinate events and achieve organization goals.

My Priorities as Your SENATOR

- Increase TRANSPARENCY by publicizing events and agendas on social media
- Fiscal RESPONSIBILITY and scrutiny of how AS spends your fees
- Increase ACCESSIBILITY by lending an ear to all concerned students by holding dialogues with community orgs on campus and holding my office hours in the arbor to ensure everyone has an opportunity to voice their concerns.

Hello hello fellow UCSB students! My name is Justice Dumlao (yes, Justice is my real name) I am a Global Studies major with a minor in LGBTQ studies, and I am running for the position of Off-Campus Senator with PAC. I am not running because the title of "Senator" is appealing to me or because I need a resume booster. I am running because I feel that the Associated Students has a difficult time representing marginalized communities, I am here to be a liaison for them, and to uplift their voices so that as many people as possible can feel represented while they embark on their journey of higher education.

Some of my involvements include volunteering with the Boys and Girls Club of San Francisco, Outreach Coordinator for Queer Commission, volunteering with the RCSGD, and coordinating volunteers for the 2016 UCSB Pride (come be a part of the celebration from April 4-8).

Hello!

My name is Jonathan Lopez, and I'm running to be one of YOUR next off-campus senators!

For the past two years, I've come to grow and find myself here at UCSB. Through Associated Students I've collaborated with the AS President, creating continuity in AS priorities, and also served as a Student Representative on the Senate Internal Affairs Committee. These interactions, along with my own personal trials, have taught me that students face many difficulties everyday. I can see clearly that there is a NEED for CHANGE.

As Senator I will ensure that:

1. Administration prioritizes COUNSELING & PSYCHOLOGICAL SERVICES in its funding allocations. I will increase ACCESSIBILITY and DIVERSITY of Mental Health resources because we shouldn't have our academics at risk due to an inability to discuss problems.
2. EDUCATIONAL ASSISTANCE PROGRAMS are expanded so students may progress toward graduation. By working closely with EOP and CLAS, I'll assess the needs of students and demand that the proper services be provided by Administration.
3. All students have the ability and knowledge to actively participate in AS and MAXIMIZE its resources. By increasing ACCESSIBILITY to ALL students, I promise you will get your money's worth!

Before you go off to vote, I'll leave you with this: my involvement in student affairs has shown me the TRUE purpose of AS. WE'RE HERE TO SERVE YOU! With over 5,500 of our fellow Gauchos withdrawing before graduation each year, it is time to reprioritize OUR EDUCATION!

Vote Jonathan Lopez as your #1, Vote The Response!

Hey Gauchos!

student voice on-campus, but I have seen a lack of adequate representation within Associated Students, and it's time for CHANGE. I am running because I believe that EVERYONE on this campus deserves equal representation in the association, and no student should feel left out.

What I've done:

- Executed student-led programs that provided concrete resources to the Isla Vista community, including a blanket drive and care-kits for chemotherapy patients.
- Lobbied politicians in Washington DC to increase student FINANCIAL AID and advocated for the retention of students of color in educational institutions.
- Organized new programs that help educate low-income patients at USC University Hospital about more ways to afford quality healthcare.

What I WILL do:

1. Install an emergency food pantry in the AS Pardall center and expanding the AS Food Bank to help alleviate food insecurity.
2. Create an Inclusive Space in Isla Vista designed to be a resource for survivors of Sexual Assault and provide Green Dot Training to prevent it.
3. Advocate for increased lighting and safer bike paths both in IV and On Campus, and provide for extended routes to decrease congestion.
4. Host Town Halls to ensure residents are able to shape the newly-shaped Isla Vista government.

Hey Gauchos!

I'm Juliano Pula and I'm a 2nd year Econ/Accounting and History double major running to be YOUR off-campus Senator.

Your Senate has become unresponsive to your concerns. In recent years, shady dealings, outside

influence, and little community outreach have left AS Senate in a sad state. Senators concern themselves more with getting reelected than with defending the rights and interests of the constituents who elected them.

It's time we changed that and brought Senate back to the people of our community.

My experience includes:

Youth President of the Alliance for African Assistance where I organized assistance for African refugees

In charities such as the "Hands-Up" Youth Pantry

And in business, working in real-estate and construction in Southern California.

I'll bring all my experience and real-world knowledge to use as I plan to:

- Ensure Senate transparency so YOU can see where YOUR funds go
- Improve our underfunded and stretched Mental Health Programs, including CAPS
- Increase the availability of lower-cost student housing for students facing long and short-term struggle
- Defend the rights of all students on and off campus
- Continue the work to improve police-student community relations
- Build new skateboarding infrastructure and represent the influence of the large skateboarding community on campus

Our A.S. holds massive influence over UCSB and it's time for us to use it. As your Senator, I'll ensure that YOUR interests are represented, that YOUR rights are defended, and that YOUR campus is improved.

Sebastian De Jesus Rubio Ruiz

Hello, fellow Gauchos and Isla Vistans!

My name is Sebastian Rubio and I'm very thrilled to announce my candidacy for your next year's Associated Students Off-Campus Senator on behalf of the Peer Action Coalition.

As a student here I have come to learn much about how our student government is run and how campus concerns are assessed. There are faults in the system but with your vote, I can help increase AS transparency and help Isla Vista become safer without hindering the livelihood of it. Additionally, I hope to see that tuition fund allocations are aimed towards maximizing equity to help students facing hardships.

· Being elected as the Environmental Awareness Chair for Anacapa's hall council has given me the opportunity to work with campus orgs and different legislative groups. In addition, I have been involved in student government since 7th grade and have held office in multiple political clubs like the debate team and the Junior State of America. (US's largest run student org).

Platform plans:

Advocate for Isla Vista Self-Governance.

Maximize efforts to help underprivileged students.

Provide financial legislation for the undocumented community within UCSB.

Incorporate a compost program/recycling center in large apartment complexes.

Help inform students about campus resources and provide funding to make those resources reachable.

Questions, comments, and/or concerns? You can reach me at srubioruiz@umail.ucsb.edu to help pave the way for a more sustainable and friendly Isla Vista and UCSB community.

What's going on my fellow UC Santa Barbarians?! My name is Kou (sounds like Costco, without the cost). I am currently a third-year transfer from Venice California. I am a Communications Major and an Art Minor running to be your next On-Campus Senator with the Peer Action Coalition!

A question you may be asking yourself is "what makes Kou qualified to be my next on-campus senator?" Well, here is my response:

- I was involved in my ASB, where I threw events that challenged my peers about being educated in climate change and getting involved.
- I was part of an environmental action group that helped ban single use plastic bags in the city of Santa Monica. While in this group, I lobbied for the banning of single use plastics in Sacramento, and in Washington DC. We also converted a 1971 Volkswagen bug into an all-electric vehicle!
- I repeatedly coached a program called the "Self Expression and Leadership Program," where I coached participants from all ages to create community projects that transformed their environment.

What I am currently doing:

- Currently, I am the Director of External Development with BLUNITE, which was an art project done last year to unite those impacted by the tragedy in Isla Vista two years ago. It is my responsibility to expand BLUNITE to other universities that have been impacted by school shootings.
- I am also the Activity Chair for the Sierra Madre Community Council.

This is what I will do as your On-Campus Senator:

- I plan to LISTEN to what you all have to say in planned On-Campus forums, so that a positive change can take place in an organized manner.
- I plan to COMMUNICATE what your thoughts and concerns are so that I may comfortably make decisions on the behalf of my constituents in the AS Senate room.
- I plan to TAKE ACTION so that your voices can be heard by helping facilitate UCSB Town Halls, so that

communities can come together for constructive dialogue.

Hey UCSB! It's Conor Collins!

Right now I'm the President of Anacapa, but I'm also... running with PAC as your 2016/2017 On-Campus Senator! To respect your time, I'm going to keep this message short. So here's why I'm running to represent YOU:

Conor Collins
Peer Action Coalition
(PAC)

I'm from Puyallup, Washington, a city about 40 miles South of Seattle. I love to hike, bike, swim, and chill with friends. During high school I swam competitively, lettered three times, and in my senior year lead my high school's team to the Washington state championship meet as captain.

Prior to that, in my junior year, I founded a non-profit organization. Finer Future, as it's called today, is ran by students at my high school. It provides \$4,000 in scholarships a year, and acts as a platform to support student-based initiatives within the local community. The plan I originally wrote as founder continues to guide student leaders who have taken over since I left.

As an out-of-state student I bring a differing perspective to the table. With my experience as a leader, my experience building initiatives and ideas from scratch, and my experience with money, I wish to serve your needs as senator for the coming year.

I stand for YOU, your VALUES, your WISHES, your IDEAS, and your VISION for UCSB. Alongside my charisma, WE will make UCSB the best place to be!

Vote Conor Collins for On-Campus Senator! PAC's Gauchoback!

Hey Gauchos!

My name is Bryan Samayoa-Velasquez! I'm a first-year Music major with a French minor and I am running with Campus United to be your On-Campus Senator! I have had leadership experience in the past through many areas, such as academic clubs, performing arts, and sports. I have been involved on campus through my employment at Ortega Dining Commons, my floor representative position at Santa Catalina Hall, and my involvement in the on-campus Christian organization Real Life.

I have four main goals as on-campus senator:

1. Increase the knowledge of incoming students of their rights on campus and the opportunities available to them
2. Improve the state of on-campus meal plans by helping students share their leftover meals, have left over meals roll over to the next week, and improve the meal donation program on campus
3. Increase the availability of on-campus resources by having longer hours for CAPS and getting tutors from non-STEM courses in CLAS
4. Create more late-night study spaces, both on and off campus
