Section 1: Program Name

Childcare Grant Program

Section 2: Governance Structure/Responsibility

The Childcare Grant Program was established as a collaboration between the Associated Students Community Affairs Board (CAB) and the Non-Traditional Students Resource Center, and approved through the 1999 – 2000 academic year general student election.

The initiation point for student parent applicants is with the Non-Traditional Students Resource Center, including completed application turn-in, initial application review and student eligibility confirmation, and finalized applications archiving. The bulk of the administrative processing of applications and funds disbursements are handled by Associated Students.

The Community Volunteer Coordinator career position is responsible for facilitating the program for Associated Students including the coordination of application processes, approvals, disbursements, and advising/directing the student Childcare Grant Director position.

Student oversight of the program is accomplished by the Student Senate with feedback provided by the student position of Childcare Grant Coordinator. The Childcare Grant Director is nominated every Spring Quarter for the following academic year by the CAB leadership, forwarded to the Associated Students President, and appointed by the Associated Students Senate. The Associated Student Executive Director facilitates additional general Administrative oversight.

The 2015 - 2016 Associated Students Legal Code details the Childcare Grant Program guidelines and can be referenced under Article XII – ASUCSB Units, Philanthropy Units, Section 1 – U, Page 183.

Section 3: Charter/Purpose

Charter

The Childcare Grant program was established through a general student election approval in the 1999 – 2000 academic year. The ballot approval included a $0.25 lock-in student fee to fund the program. The Program’s lock-in fee funding is reaffirmed through student elections every two years.
Purpose

The Childcare Grant Program provides aid to student parents in need of additional assistance for childcare needs during midterm and final exams. This program helps ensure that student parents can be at their best during the challenging examination periods of academic quarters without the full burden of parenting adding stress to exam preparation and completion.

Primary Associated Students Program management is facilitated by a career staff member in the role of Community Volunteer Coordinator. This is outlined in the 2015 – 2016 Associated Students Legal Code, Philanthropy Units, Section 1 U-8, page 183. In addition, the Associated Students Department was granted financial authority through Chancellor approval.

With Associated Students Administrative authority and direction, the Associated Students Executive Director, in agreement with the Non-Traditional Students Resource Center, provides Program disbursement authority for awarded Grant checks to the Cashiers and Ticket Office.

Section 8: Policies

Eligibility Requirements:

All currently registered undergraduate student parents are eligible to apply. Student parent applicants must provide proof of dependent children, typically with a Birth Certificate copy. Grant requests must also be for the sole purpose of an upcoming midterm or final exam. Grants are approved and distributed on a first-come, first-served basis every quarter. Recipients are chosen based on eligibility status, proof of dependents, a Statement of Need, and funds availability. Applicants must complete and turn in an application form at the Non-Traditional Students Resource Center. Each Quarter's application forms contain specific due dates and late applications will not be accepted. Also, Grants cannot be used retroactively and must be approved before the date of use.

Applications and instructions can be located online on the Community Affairs Board (CAB) website at cab.as.ucsb.edu/opportunities/childcare, as well as at the Non-Traditional Students Resource Center. For those interested, a Natural History Museum Pass Application is available as an added service and should be completed and turned in with the Grant application.
Grant Amounts:

Each student parent applicant is eligible for a maximum Grant of $200 one time per Academic Quarter including Summer Sessions, and $500 per Academic Year per student. Grant amounts are further limited based on the number of dependents under the following amounts: $125 for one child, $150 for two children, $175 for three children, $200 for four children. Total grant funds are limited based on lock-in fee limits, so there is no guarantee that Grant funds will be available for every applicant.

Since the Grant program must comply with federal regulations, each student PERM number is checked by the Financial Aid and Scholarships Office to ensure the grant is within a student’s need-based awards. Students are notified of the results of the review and whether they are able to receive the grant. If a student does not have any federal funding, PERM number verification will still take place prior to check processing.

Repayment:

There are no repayment requirements for Childcare Grant Program funds.
