Dear campus community,

Our hearts are with you all during this incredibly tumultuous time. We are enduring through a global pandemic, one of the worst economic recessions of all time, and the recent losses of George Floyd, Ahmaud Arbery, Breonna Taylor, and Tony McDade. These were all human beings whose lives were cut short by state-sanctioned violence and the inaction of our legal systems to rectify the long standing abuse of Black bodies. We recognize that this racial violence is not a handful of isolated incidents by a few “bad apples,” but rather part of an on-going pattern of anti-Blackness entrenched into police forces in the United States.

We would like to thank a few of the dedicated student organizers who have done their best to keep our campus community together during this challenging time. Fifth-year student Michael Sanders organized a march on May 30th, and the UCSB Pan Asian Network that assisted with the outreach and equipment for this event. In addition, we would like to thank the UCSB students from the Inland Empire that helped set up the social distancing tape on the grass during the speaking portion of the protest. This peaceful demonstration brought in close to 1,000 people from our UCSB and Isla Vista communities in support of Black lives here on our campus and across our nation.

We recognize the deep pain that our Black UCSB students must be feeling. Given the fact that CAPS is underfunded and therefore inadequately equipped to serve Black students, it would be inappropriate for us to push our Black students towards CAPS as the sole campus resource during this painful time. We need more Black psychologists on campus. We need more Black faculty and students. We need more than solidarity with Black people on this campus. We need action. We want you all to know that your A.S. Executive team was elected to steer our student government and campus in such a way that makes all Gauchos feel safe and welcomed. We stand in firm opposition to the racial violence and unchecked policing we have seen perpetuate itself in this country. We will not be silent, and we will not let Black students fight this fight alone. We will be taking concrete steps to address the issues of anti-Blackness and police violence on our campus and in our IV community.

**Campus Policing Reform**

- We will be working with UCPD to make it clear that the lethal kneeling that we saw George Floyd’s murderer execute on camera has no place on our campus.
- We will be putting in a formal request for less police presence in our day-to-day lives on campus, in Isla Vista, and at school events like concerts and sports games.
- We will be seeking to hold our local police officers to their oath to protect and serve through community-created training. We will hold space for students in our campus community to lead officers in training against systems like anti-Blackness.
**Academic Success for Black Students**

- We recognize how stressful and agonizing this time must be for our Black students, so we will be meeting with the Chair of the academic senate to ask for leniency for Black students during this time.
- Additionally, we will be asking for as many of the following options be given to Black students during the end of Spring Quarter:
  - P/NP being an option after final grades come out
  - P/NP being extended to all majors
  - Allowing for late work to be completed with reduced or no penalty
  - Cancelling, postponing, or making final exams optional

We realize that this is by no means a comprehensive or final list of actions that we as your Executive officers can take. We would like to invite you all to talk to us and suggest further action. We want to maintain this open dialogue throughout the entire year, and serve you as a resource to achieve the goals within our community. The best way to get in contact with us is sending an email to president@as.ucsb.edu, evpsa@as.ucsb.edu, evpla@as.ucsb.edu, internalvp@as.ucsb.edu, or perez00@ucsb.edu. We can schedule time to meet via Zoom, or we can conduct dialogue over email.

Warm regards,

Daevionne Beasley
